## SUPPLEMENTAL REISSUE APPLICATION DECLARATION BY THE INVENTOR(S)

Docket Number: 148/48674RE

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in U.S. Patent No. 6,288,278, granted September 11, 2001, and for which a reissue patent is sought on the invention entitled3-AMINO-3-ARYLPROPAN-1-OL COMPOUNDS, THEIR PREPARATION AND USE

the specification of which

☒ is attached hereto,  
☐ was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_ / \_\_\_\_\_  
 and was amended on \_\_\_\_\_  
 (if applicable)

I have reviewed and understand the contents of the above-identified application, including the claims as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. 1.56.

I hereby claim foreign priority benefits under 35 U.S.C. 119 (a)-(d) of the following foreign patent application:  
Federal Republic of Germany, no. DE 199 15 602, filed April 7, 1999

I verily believe the original patent to be wholly or partially inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- ☐ by reason of a defective specification or drawing.  
☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.  
☒ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

1. Applicants believe that Claim 1 in the patent is more than applicants have the right to claim in view of three references uncovered during the examination of corresponding European patent application. Specifically, a compound disclosed in the specification is believed to have been disclosed in these references and therefore needs to be disclaimed from Claim 1.
2. The issued Claims do not reflect amendments to the Claims requested in the Preliminary Amendment filed on August 14, 2000, correcting numerous clerical errors.

Every error in the patent being corrected in the present reissue application up to the time of filing of this Supplemental Declaration arose without any deceptive intention on the part of the applicant.

As a named inventor, I hereby appoint the following attorneys and/or agents to prosecute this application and transact all business in the United States Patent and Trademark Office connected therewith.
